

# New from C-Tech

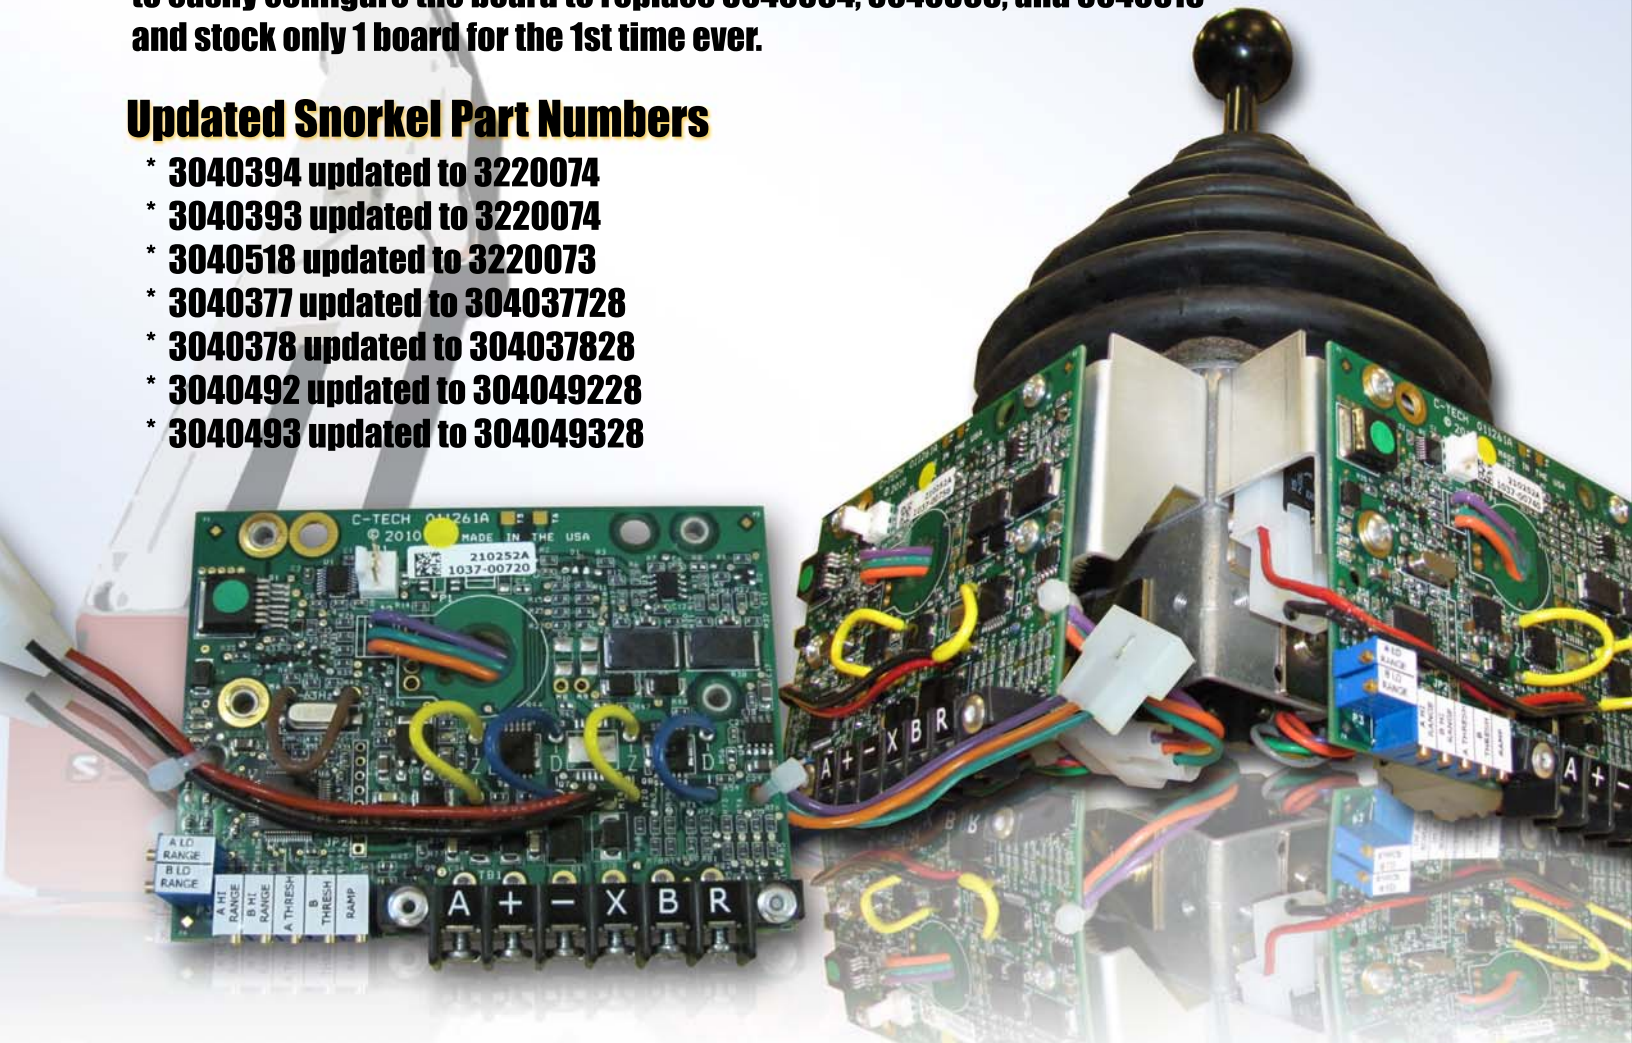

The latest innovation from C-Tech is the new dual valve driver board currently utilized by Snorkel.

The updated technology in use in our new board allows for individual adjustments of A & B directions for Threshold, Hi Range, and Lo Range, and features the latest advancements in electronics design. Large Wire Jumpers with Silkscreen lettering allow our customers the ability to easily configure the board to replace 3040394, 3040393, and 3040518 and stock only 1 board for the 1st time ever.

## Updated Snorkel Part Numbers

- \* 3040394 updated to 3220074
- \* 3040393 updated to 3220074
- \* 3040518 updated to 3220073
- \* 3040377 updated to 304037728
- \* 3040378 updated to 304037828
- \* 3040492 updated to 304049228
- \* 3040493 updated to 304049328
